

Orphans and Vulnerable (OVC) Support Program

The community where Javic is located faces numerous challenges affecting child education. The most common ones are poverty and rising number of orphans. Javic started the OVC support program to assist the orphans and vulnerable children access quality education.

We start by identifying the needy students within the local community then we identify sponsor/donors/ wellwisher who are willing to support in either paying tuition fee, Uniforms, learning materials or feeding.

Currently, we have 20 students who are benefitting from this program. We wish to appeal to all well-wisher to join us increase this numbers to accommodate the overwhelming need of the community.

James 1:27 Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress

... join us in supporting these needy children....

Mission

To empower and produce self-directed and confident learners who are responsible, productive and be able to enrich their community.

Vision

To become a dynamic and inspiring learning center that provides a self directed and confident learners.

... admission in progress...

Javic Junior School

*Opportunities
for
lifelong learning*

Information bulletin

Background

Welcome to Javic Junior School where an opportunity for lifelong learning is found.

Javic Junior School was started in January 2016. It is located in Kajulu village in Kisumu, Kenya. It is in a gated, secure and a serene environment conducive for young children learning.

We provide education in a practical and life experiences based. We also ensure a happy and creative atmosphere, helping and encouraging children to develop into independent and confident individuals.

Our teachers are skilled at providing creative learning areas that are bright and stimulating and captivating for a young learner. Here children learn to share, cooperate, problem solve and use their imagination and creativity

We operate in full compliance with the Ministry of Education at the National and County Government Level and carry a fully Kenyan accredited education system for each of our Kindergarten through primary grade students.

Javic junior school is committed to:-

- Offering High quality and affordable learning solutions
- Creating, cultivating and nurturing the young mind of pupils
- Responding to change in the education system
